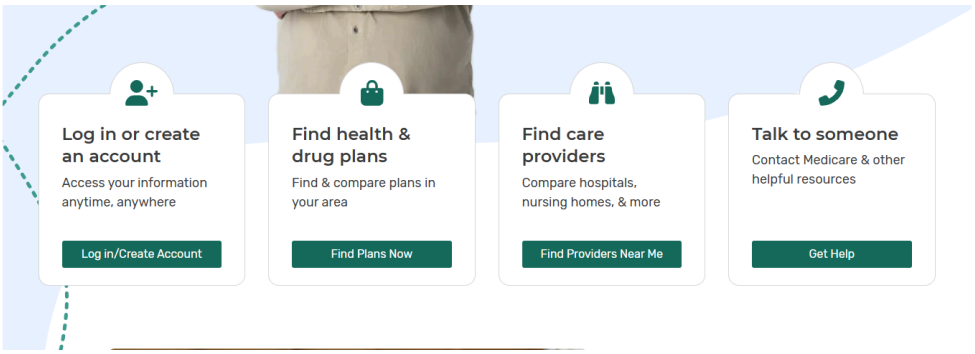
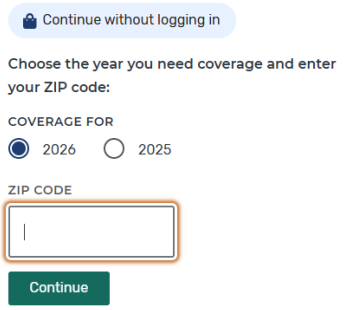
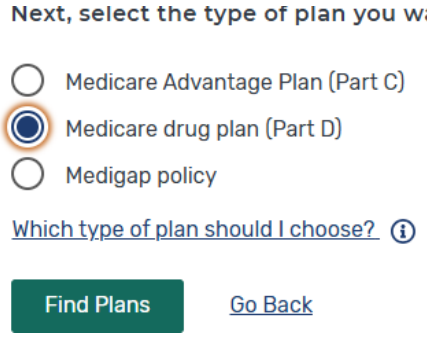
2. From there, scroll down to where it says **Find Health and Drug Plans** and click the green button that says **Find Plans Now**



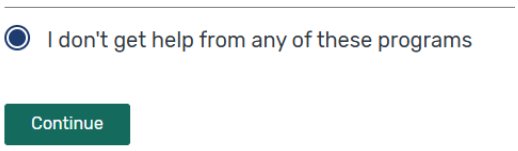
3. Type in your zip code and make sure 2026 is selected



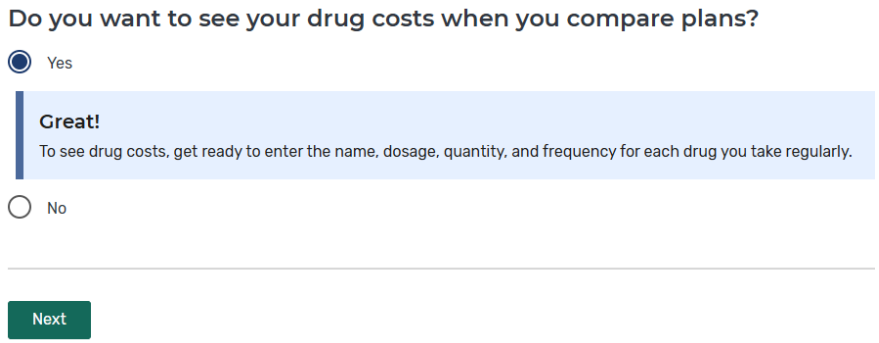
4. Select Medicare Drug Plan (Part D) from the list of choices and then click **Find Plans**



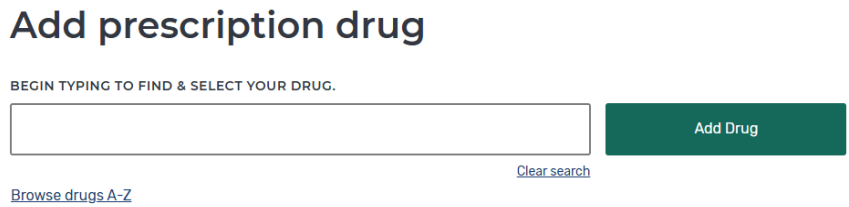
5. It will ask if you get help with your drug costs. Select the last option and click **Continue**



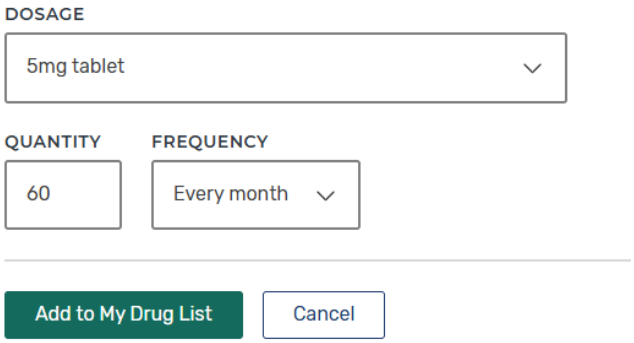
6. It will ask if you want to see drug costs, click **Yes** and then **Next**



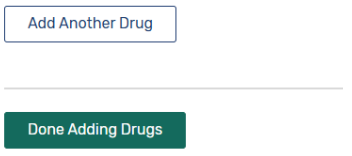
7. Add your medication and click **Add Drug**



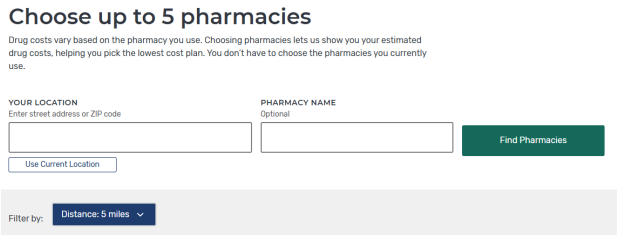
8. Check the dosage and then click **Add to My Drug List**



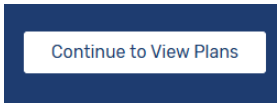
9. Continue adding drugs and when done click **Done Adding Drugs**.



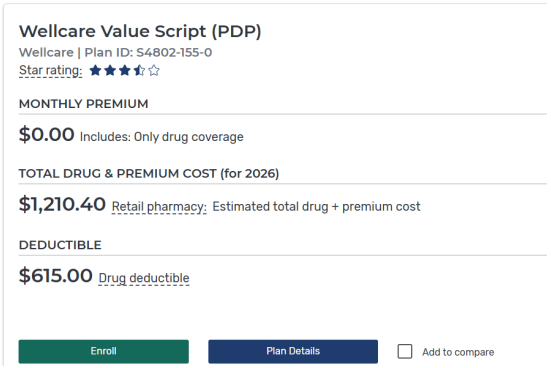
10. Select pharmacy options



When done, scroll to the bottom and select:



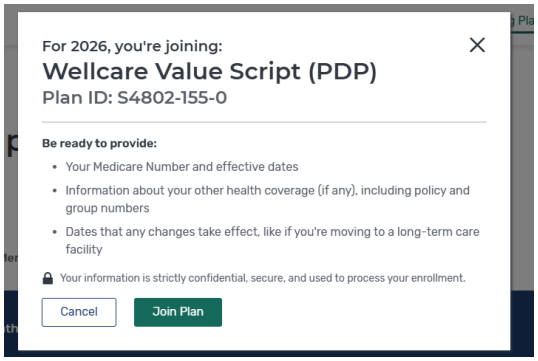
You will see a list of plan options, sorted by the least expensive option for the entire year.



Click Plan Details to look at the breakdown of the cost of your medications.
You can look at the estimated cost for the entire year, based on the pharmacy. You can also look at the monthly cost estimate.

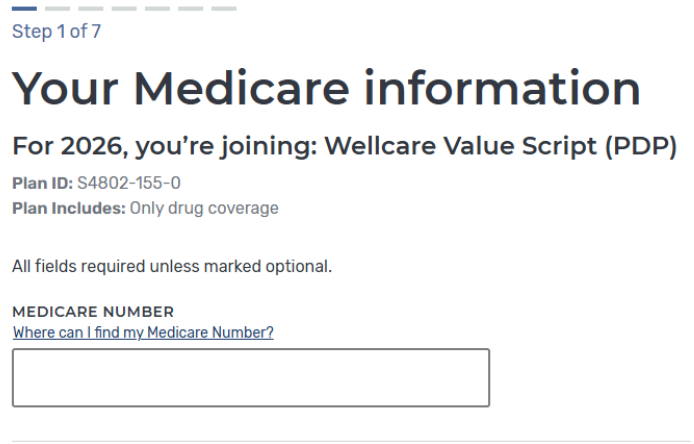
11. After you look at the costs, if you want to enroll in that plan click the green Enroll button on the top right.

12. A pop-up window will appear:

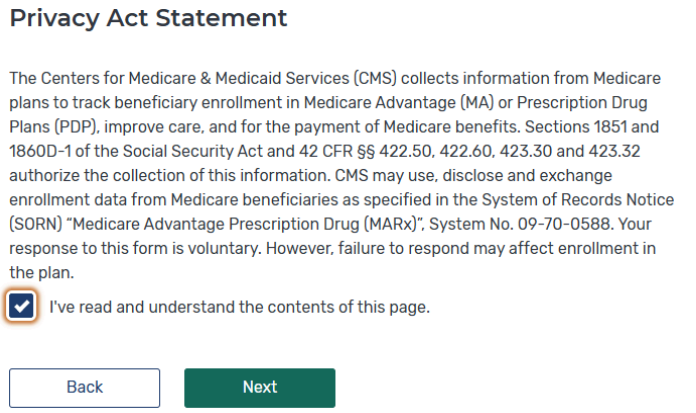


Click the Join Plan button.

13. Enter your Medicare number to begin the enrollment



Scroll down and check the box and click Next



14. Complete the application. You'll receive a confirmation page once it's submitted.

15. After enrolling in a new prescription drug plan, you'll automatically be disenrolled from your previous plan at the end of the year. You won't need to contact your current plan to let them know you've changed your plan.

Contact us if you have any questions while you're completing your application.
